Hello:

By the Tues, March 1 managers meeting, please submit your proposal for any critical hot and/or emerging issues that you feel the RA should raise during his monthly meeting with **DOEE and DNREC**.

You have the option of either emailing me **PRIOR** to the managers meeting (preferred), or raising the topic during the meeting to confirm it should be included this month.

Pls respond to this email with “no input” if no hot issues for your group.

For context, we submitted the following topics last month:

- EPA has coordinated with the Delaware Department of Natural Resources and Environmental Control (DNREC) to investigate the complaints both Agencies have received from Mr. Ex. 6 Personal Privacy (PP) regarding the spray irrigation and disposal of liquid wastes in the Millboro area.
- EPA and DNREC had to postpone the scheduled December 21 inspection due to Ex. 6 Personal Privacy (PP) however the inspection will be rescheduled for some time in March.
